

## REPORT ON VISIT TO NEW DELHI EDUCATIONAL TRIP

### INTRODUCTION

**“The fun-filled way of learning is travel”**

A study trip was planned for the second-year M.Sc.(N) students and the final-year BSc (N) students as a part of their curriculum. We as a group of 40 students and 4 faculty members left Vapi on June 25th through train. On 26<sup>th</sup> June we visited the famous Indian monument, Taj Mahal. It was a nice place to visit and it calmed ourselves. Later on, that evening, we visited the Red Fort, which showcased the architectural marvel of ancient India.

### **TNAI New Delhi:**

The next day that is 27<sup>th</sup> of June we visited the TNAI. The Trained Nurses' Association of India (TNAI) is a national organization of nurse professionals at different levels. It was established in 1908 and was initially known as the Association of Nursing Superintendents.

The main objective of this institution is listed below

- Upholding in every way the dignity and honor of the nursing profession,
- Promoting a sense of esprit de corps among all nurses,
- To advance the professional, educational, economic, and general welfare of nurses.

It was a wonderful visit where the students were able to learn the administrative skills and the managerial pattern and how the institution is organized and operating.

- On that day evening, we visited the India Gate. It was a magnificent monument. The students enjoyed the visit which symbolized the integrity of the nation.

### **Indian Red Cross Society :( On 28<sup>th</sup> June 2023)**

The Indian Red Cross is a voluntary humanitarian organization having a network of over

1100 branches throughout the country, providing relief in times of disasters/emergencies and promoting the health & care of vulnerable people and communities. Its main activity focuses on the following things.

- Social Emergency Response Volunteers (SERV)
- Blood Centre
- Livelihood Program
- First Aid
- Education & Training Program
- Tuberculosis Program
- Family News Service
- Youth Program
- Partners for Resilience

We visited this magnificent institution on 28<sup>th</sup> June. This visit gave the students a clear vision of how organized this society is and got a lot of other learning too.

### **Family Planning Association of India**

- Family Planning Association of India was started in the year 1949 by a group of women who were clearly concerned about women health and childbirth.
- FPA India works on a wide range of SRHR (Sexual and reproductive health and rights) issues encompassing family planning, maternal health, child survival, HIV/AIDS, safe abortion, reproductive tract cancer screening and prevention, gender empowerment and young people, and mitigation of gender-based violence (GBV).

- We visited this Glory Filling station on the 28<sup>th</sup> of June evening. The members of that institution clearly explained the functionality of the new policies and as well as the main objective of the institution. Indeed, our students were empowered by this endless knowledge.

### **Fortis Hospital visit on 28th June 2023**

- The Nursing Superintendent elaborated on the hospital facilities, induction training program, various departments including Emergency, Intensive Care,
- Surgery, and Maternity, and Paediatric Cath lab
- Observed medical staff in action, understanding their roles and responsibilities. Also, they explained the new state-of-the-art equipment available on their campus.
- It was interesting for the students to understand the real-world work environment with the latest advancements in their domain such as robotic nurse

Later on the 29<sup>th</sup> of June, we visited the Lotus Temple. It was a spectacular temple where we meditated for a while and visited Qutub Minar the tallest masonry tower in India Then we started from there by train and reached safely to Vapi on the 30<sup>th</sup> morning.

### **CONCLUSION**

This education report highlights the significant strides nursing students acquired in New Delhi. Their dedication to academic excellence, coupled with learning through observation, positions them as future healthcare leaders. Recommendations for ongoing support and collaboration between educational institutions and healthcare facilities are crucial for sustaining this positive momentum in nursing education in New Delhi.
