## REPORT ON INNOVATION DAY

Innovation Day is an annual event that provides an opportunity for students to come together, explore new ideas, and showcase groundbreaking technologies. The focus of the event was to inspire creativity, foster collaboration, and highlight the latest trends in innovation across various topics in nursing.

The innovation day was celebrated on 25/01/2025. Models of innovation day are prepared by students such as Methods of teaching of teaching in education, Ampule cutter machine, Different types of beds available in hospital, Simulation and Alaram system while empty the IV fluids.

The student's evaluation is done by Mrs. Chaitali Patel and Ms. Pinky.

The topics of innovations are

1. Innovation in Nursing Education.
2. Innovation in Nursing Services.
3. Innovation in Public Health Nursing.

### Objectives:

- To inspire nursing students to engage in creative problem-solving and innovations in healthcare.
- To showcase the latest technological advancements and their applications in nursing.
- To promote the importance of research, clinical practices, and advanced nursing techniques.
- To provide a platform for students and faculty to share their innovative ideas and projects with peers and professionals.

### Inaugural session:

The event was inaugurated by the esteemed Dr. Anita Nawale , Vice-Principal of SSCN, VAPI, who welcomed all the participants and guests. In her inaugural address, Dr. Anita Nawale emphasized the importance of continuous innovation in nursing, stressing that the future of healthcare lies in the ability to adapt to new technologies, practices, and research-driven approaches. The event began with a ribbon cutting ceremony.

### Model Exhibitions:

A model exhibition was held to showcase student innovation on topics such as Methods of teaching of teaching in education, Ampule cutter machine, Different types of beds available in hospital, Simulation and Alaram system while empty the IV fluids.
